How

- Through one-to-one mentoring sessions
- Did we manage to be effective? – results will be conveyed by the social mentoring coordinators today.
- Irrespective of statistics – this experience was a very positive one, and the response and interest was second to none, especially given that all those who received assistance was on voluntary basis

What's next?

- Various ESF projects are currently being processed and as soon as they are accepted – you'll hear about them through various means. Keep on the look out!
- Should you need in the meantime further assistance do keep in touch with ETC and all caring/supporting agencies
