We have a Vision – that people in need find access to and are provided with professional care and support. We have developed this into a Mission for our organisation, APPOGG.

It is a Mission that is shared by everyone working for this organisation, whether a paid employee or a volunteer. No matter what our role or position is, we know that we are privileged to serve people who need our support. Therefore Quality Service is our credo and at APPOGG, this is expressed in a number of ways.

Whatever we do, we do with Integrity and Dedication, as this is what our clients deserve.

Wherever we go, we go as Leaders, as the service we deliver is a professional one.

Whoever we serve, we Serve with Care, as people do not care what we know until they know that we care.

Whenever we dream, we Dream with all our hearts because our clients deserve the best. In so doing, we never, ever give up.

This is what drives us in our daily corporate and client decisions, this is what we are celebrating today and always.
